

THE COW

Materials

- toilet paper
- googly eyes
- markers (pink, black, brown)
- white paint
- paintbrush
- pipe cleaner (optional)

Process

- Take the toilet paper and we paint it fully with the white paint and we let it dry completely
- Color the cow with some black or any other colors spots and draw the nose
- Place the googly eyes
- Fold the upper ends of the toilet paper on each other so it seems the ears of the cow
- If you want, you can add some details, like the tail made with pipe cleaner.

And finally you've created a cow with recycled materials!
